

#16 SHINING MT. POLAR EXPRESS (DNA sent in)

07-93997 We believe that Polar is a perlino like his 3 year old brother Sunfrost. Sunfrost is homozygous for black, and is Ee for red, making him a bay or brown horse, but with the double creme gene, he is perlino. Polar has the same coloring as Frost, with the darker mane and tail. He should make an excellent sire. Is started under saddle as a 2 year old.

WILL THROW BUCKSKIN, PALOMINO & SMOKEY BLACKS.

#20 SANTA FE RED RIVER (DNA CERTIFIED)

06-90633 Red is a nice moving, well put together bright sorrel mare. She has a truly natural foxtrot, even on a loose rein. She is easy to work with, to catch, handle, and has been ridden out. Should make an excellent trail horse and potential brood mare.

Full sister to # 1 and # 21

17 SANTA FE S MAGIC MERLIN

08-94641 Merlin is a good looking palomino gelding. He shows lots of natural gait. He has been handled, trimmed, etc. He will be a good sized horse like his brother Oro (# 14) and sister Bronze (# 25)

Full brother to # 6, # 14 and # 25

#21 SANTA FE CANDY CAN

08-94564 Well put together dark brown filly. She gaits naturally in the pasture. Very people friendly and easy to handle. Has had basic round pen work, etc. Candy could carry the creme gene as does our other brown horse in the sale Beauty does.

18 SANTA FE S SHINING BRIGHT

07-93998 Very nice 2 year old gelding. Will be good sized. Strong hip, lots of power. He is full sister to our top trail mare "SIS". Good natural gaits, and can cover the ground. Started under saddle, and going well.. If we didn't use all mares in our mountain string, we would definitely be keeping this one! His full brother is our outstanding buckskin stud

**# 22 MISSOURI S SOUTHERN LADY M (DNA CERTIFIED)
3 in one offering !**

#89-33470 Dixie has proven herself to be a superior broodmare, as her pedigree would indicate. She has two fillies in the sale, # 5 and # 15. We are keeping one of her daughters. The colt she has on her now is perhaps her best ever. He reminds me of the stories of the great TW horse, Midnight Sun. Sun King has been special since he was born, he is going to be a deep golden palomino, and can he gait ! Dixie was just bred back to Santa Fe. We can keep her until she is in foal for 2010. Dixie is a good mother, foals easy, handles easy. will let you work with her newborn, she is very gentle.

DIXIE IS A DIRECT DAUGHTER OF THE GREAT MISSOURI TRAVELER!

19 SANTA FE S RED ROBIN (5 YEAR OLD MARE)

#04-90259 Robin is a very nice, experienced trail horse. She has been ridden and packed extensively in the mountains. She has a nice gait, and can move out. Easy to handle and work with, a very pretty mare, who could also show. She is not spooky in the hills, and can lead, go in the middle or follow. Very sure footed.
