COME GIVE US A VISIT !!

Multi World Grand Champion
Santa Fe Sunrise
Grand Champion Versatility,
Model and Performance
(reference sire)

We have ridden extensively in the mountains for over 30 years. Upon moving to Wyoming in 1993, we acquired our first gaited horses, Missouri Foxtrotters. Over the years, we found it more difficult to find the type of horse we wanted to have; good going, sound, powerful, easy gaited, good looking foxtrotters. After several bad experiences purchasing Foxtrotters at big auctions, we decided to start our own breeding program, building up our herd with the type of horse we could use in the mountains and trail. We purchased well bred, sound mares, with good hip, good gaits, sound conformation, good minds and disposition. We bought Santa Fe as a coming 3 year old in 1996, after he had won the World Grand Champion Amateur 2 year old title. He had the looks, build, natural gait and disposition we wanted.

In the past 13 years Santa Fe has consistently produced outstanding riding horses, with the natural, easy to ride gait, great "user friendly" disposition and good looks. It seems like every year we have kept that "special foal". We are now at the point we would like to share some of these special horses with you! If you are looking for an easy riding, people friendly, well built horse that you'll be proud to own, now is your chance! We have an excellent selection of horses in this sale, from mares with foals up through experienced trail horses. All are well bred, blue papered registered Missouri Foxtrotters.

THIS IS YOUR CHANCE TO FIND THAT SPECIAL HORSE THAT WILL BE A LIFE LONG FRIEND AND COMPANION ON THE TRAIL, AND IF YOU DESIRE, IN THE SHOW RING !
