

#9 SANTA FE COPPER GLIMMER (DNA CERTIFIED)

06-90631 Glimmer is a lovely 3 year old chestnut filly. She is well started under saddle, and can really do a foxtrot and move out down the trail. She will make a mountain horse, or an outstanding show prospect. Ready for that person who is looking for that special horse to go all the way! Also ready to breed if desired, as she is already DNA certified.

13 BLACK LASHES (DNA CERTIFIED)

95-46485

Lashes was born here on the ranch. She was kicked in the head as a weanling. While it caused no visible damage, aside from swelling, it made her blind in her right eye. Due to that, we started her under saddle, and put her through basic training, and kept her for a brood mare. She is good to handle, catch, etc. Excellent mother, easy to handle during foaling, etc. She has a beautiful chocolate palomino filly by her side and is bred back to Santa Fe for a late March foal. She always breeds easily, catches the first time. This is a great 3 in one package! Lashes is the dam of horses #3, #9, #10, #11 and granddam of #12 and #28.
